Plenisfer Investments SGR S.p.A. ("Plenisfer") announces the appointment of Fabrizio Pasta as Head of Business Development.

Fabrizio takes on the role of leading the global development of Plenisfer's business, drawing on three decades of experience gained in prominent asset management contexts. Specifically, he worked on the origination, launch, and capital raising of numerous international strategies, developing and nurturing relationships with a wide range of European institutional investors. Additionally, he has overseen the expansion of business activities in various countries of various companies, including UBS AG, where he served as Managing Director, and most recently, the banking group Ersel, where he managed the international expansion of asset management activities.

Fabrizio will work from Plenisfer's Milan headquarters, reporting to CEO Giordano Lombardo and joining the company's management committee. He will be supported by Plenisfer's Sales & Marketing team and, as the SGR is part of the Generali Investments ecosystem, he will also be able to leverage collaboration with the latter.

With Fabrizio's appointment, effective as of March 1st, Plenisfer's team is further expanded as the company enters a new phase of international growth and development.

Giordano Lombardo, CEO and Co-CIO of Plenisfer, commented: "*We are about to complete the fourth year of management and Plenisfer is ready to enter a new phase of development that will see us increasingly present internationally. We therefore welcome Fabrizio, who will be able to contribute to this new important step of Plenisfer's growth journey with a significant network and over 30 years of experience in asset management business development in Europe.*"
