Plenisfer Investments SICAV, first fund managed by **Plenisfer Investment SGR** ("Plenisfer") and established by **Generali Investments Luxembourg** ("GIL"), is available on **Allfunds**, the main third-party fund distribution platform and leader in international wealthtech.

In detail, the agreement with Allfunds was recently finalized by Generali Investments Luxembourg, the fund's Management Company.

Started in May 2020, the UCITS fund reflects the philosophy of Plenisfer, an investment boutique dedicated to objective funds that are independent of the benchmark and built through a multi-strategy and multi-asset approach.

Through Allfunds, which has over 760 distributors in 55 countries around the world, the fund is therefore for the first time available to a broad audience of placers, asset managers, funds of funds and insurance companies. The agreement will therefore significantly support Plenisfer's commercial development which will initially be focused on the Italian market and progressively extended to other European countries.

Giordano Lombardo, CEO of Plenisfer, commented: *"The agreement with Allfunds is particularly important for Plenisfer. It is, in fact, a significant step in our commercial development strategy through which we intend to enhance our New Active approach with institutional, wholesale and retail placers. Ours is a distinctive management by objectives, the result of teamwork that combines the different and profound experiences gained by the team at an international level. With this multi-strategy and multi-asset approach, we will continue to work to aim to seize the best investment opportunities globally, both in traditional and alternative asset classes".¹*

Plenisfer's "New Active" investment process aims to rethink diversification by time horizon and degree of correlation and is explicitly designed to achieve clear and measurable objectives. The objectives will therefore always be at the center of the portfolios managed by the Company that operates within the multi-boutique platform of Generali Investments.
