Key Features and Objectives of the Fund: Destination Dynamic Income

Investment objective

- **Investment objective:** to achieve an attractive risk adjusted total return through medium-term capital appreciation and income generation.
- There is no guarantee that an investment objective will be achieved or that a return on capital will be obtained. The Sub-fund does not benefit from any guarantee to protect the capital. The product is actively managed and references €STR Index for calculating the performance fee. The Investment Manager has full discretion over the composition of the portfolio and therefore its composition may deviate from the Benchmark.

Investment Guidelines

- **Structure:** Lux-domiciled UCITS, as a sub-fund of Plenisfer SICAV
- **Asset Classes:** Primarily investing dynamically across the global fixed income asset class
- **Fund Currency:** EUR Currency exposure – When a sub-fund or class is denominated in another currency than the one of your country, or when costs are partially or fully paid in another currency than yours, then costs and performances may increase or decrease as a result of currency and exchange rate fluctuations.
- **Management company:** Generali Investments Luxembourg S.A.
- **Investment manager:** PLENISFER Investments SGR S.p.A.
- **Launch date:** 12 May 2023
- **Recommended holding period:** 4 years
- **Countries of distribution:** AT, CH, DE, ES, FR, IE, IT, LU, PT

Source: Plenisfer. For illustrative purposes only. The objective of this Sub-Fund is to achieve a superior risk-adjusted total return over the market cycle. However, there is no guarantee that the investment objective will be achieved or that any return on capital will be realised. The Fund is not a capital-protected product: all investments involve risks, and investors may not recover the whole of their initial investment. Investments may result in financial loss, as no capital protection is in place. Investors should carefully read the Prospectus and the KID before making any final investment decision. These documents are available at www.plenisfer.com, at the registered office and from authorised distributors, also in paper form. Full information on risks is available in the Prospectus and the KID.

Risks

- **Summary risk indicator:** the product is classified as 3 out of 7, which is a medium-low risk class.
- The risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the market. The lowest risk category does not mean “risk free”. Beside the risks included in the risk indicator, other risks may affect the fund performance. Please refer to the fund prospectus, available free of charge at www.generali-investments.lu.
- **Inherent risk of the Sub-fund (non-exhaustive list):** Interest rate risk, credit risk, emerging markets (including China) risk, frontier markets risk, foreign exchange risk, volatility risk, liquidity risk, derivative risk: the expected level of leverage may vary up to 350%, the use of leverage may increase the potential risk of loss, short exposure risk, distressed debt securities risk, securitized debt risk, contingent capital securities (“CoCos”) risk, Rule 144A / Regulation S securities, equity risk, commodities risk. Risk of capital loss: this is not a guaranteed product. Investors may risk losing part or all of their initial investment.

ESG information

SFDR classification: The Sub-fund promotes environmental or social characteristics as per Article 8 of the Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (“SFDR”). It does not have sustainable investments as its objective.

What environmental and/or social characteristics are promoted by this financial product?

The environmental and social characteristics promoted by the Sub-fund consist of excluding sectors which are deemed harmful to society by the Investment Manager, while considering various ESG information, as further described below. In addition, the Investment Manager applies a targeted engagement and voting process to the equity bucket and, to a limited extent, to the fixed income asset classes. No reference benchmark has been designated for the purpose of attaining the environmental or social characteristics promoted by the Sub-fund.

Methodological limits

ESG information from third-party data providers may be incomplete, inaccurate or unavailable. As a result, there exists a risk of incorrectly assessing a security or issuer, resulting in the incorrect inclusion or exclusion of a security.

Fund Sheet

Plenisfer Investments Sicav Société d'investissement à capital variable (SICAV) Luxembourg Destination Dynamic Income

Investment Objective and Policy: the objective of the Sub-Fund is to achieve an attractive risk adjusted total return through medium- term capital appreciation and income generation. The Sub-Fund is actively managed and does not make its investments in reference to any benchmark, meaning individual positions are actively selected based on specific research and valuation assessments. While the Sub-Fund is actively managed and does not use a benchmark for portfolio allocation, the Sub-Fund references the €STR Index for performance fee's calculation purposes. There is no guarantee that an investment objective will be achieved or that a return on capital will be obtained. The sub-fund does not benefit from any guarantee to protect the capital.

Legal structure: UCITS – SICAV

Investment Manager: Plenisfer Investments SGR S.p.A.

Management Company: Generali Investments Luxembourg S.A.

Fund Launch date: 12/05/2023

Benchmark for performance fee calculation only: €STR Index

Redemption: Valuation day, 13:00 Luxembourg time (T) + 3

Minimum subscription: € 500,000 share class I; € 1,500 share class R

Currency: EUR – When a sub-fund or class is denominated in another currency than the one of your country, or when costs are partially or fully paid in another currency than yours, then costs and performances may increase or decrease as a result of currency and exchange rate fluctuations.

SFDR classification: The Fund promotes, among other features, the environmental or social characteristics set out in Article 8 of Regulation (EU) 2019/2088 on sustainability reporting in the financial services sector ("SFDR"). The Fund is not an Article 9 under SFDR (does not have sustainable investment as an objective). For all information on the SFDR (Sustainable Finance Disclosure), please refer to Annex B of the Prospectus ("pre-contractual document").

Risk profile and inherent risks

Risk factors: Investors should consider the specific risk warnings contained in section 6 of the Prospectus and more specifically those concerning: **Interest rate risk – Credit risk – Equity risk – Emerging markets risk (including China). There is no pre-determined limitation on exposure to emerging markets. Emerging markets risk may therefore sometimes be high, frontier markets risk, currency risk, volatility risk, liquidity risk, derivatives risk, short exposure risk, securities risk distressed debt, securitized debt risk, contingent equity risk ("CoCos"), Rule 144A / Regulation S Securities, Equity Risk, Commodity Risk.** Considering the investment strategies characterising the Sub-fund, the expected level of leverage of this Sub-fund may vary up to 350%, excluding the portfolio's total net value. The use of leverage may increase the risk of potential losses.

The presented are not exhaustive lists of the risks. Other risks apply, differ per share class and are subject to change. Before making any investment decision, please consider all the risks and costs detailed in the Prospectus and Key Information Document (KID), which are available online by [clicking here](#).

Source: Plenisfer. Based on the latest KID – 29 October 2025. The Sub-Fund is not a capital-protected product: all investments involve risks and investors may not recover their initial investment. Past performance is not a reliable indicator of future results. Returns may increase or decrease due to market conditions and currency fluctuations. Please refer to the Prospectus and the KID for full information on risks. Portfolio allocation may vary in line with the Fund Prospectus.

SFDR classification: The Sub-fund promotes environmental or social characteristics as per Article 8 of the Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector ("SFDR"). It does not have sustainable investments as its objective.

What environmental and/or social characteristics are promoted by this financial product?

The environmental and social characteristics promoted by the Sub-fund consist of excluding sectors which are deemed harmful to society by the Investment Manager, while considering various ESG information, as further described below. In addition, the Investment Manager applies a targeted engagement and voting process to the equity bucket and, to a limited extent, to the fixed income asset classes. No reference benchmark has been designated for the purpose of attaining the environmental or social characteristics promoted by the Sub-fund.

Binding elements: the following exclusion criteria apply to the Sub-fund: Direct involvement in from controversial weapons (cluster munitions, anti-personnel mines and/or biological/chemical weapons), Violation of the Treaty on the Non-Proliferation of Nuclear Weapons, 10% or more of turnover is derived from pornography, 20% or more of turnover or energy produced is derived from coal or 20% or more of turnover is derived from tobacco. Moreover, the Sub-fund has a targeted approach that involves the selection of companies on which to focus engagement activities and the possibility of influencing decisions in relation to the voting shares held or the share held in the bond issue.

Limitations to methodologies and data: Although various sources are used to ensure that environmental and social characteristics are applied for the Sub-fund, there are limitations to the methodologies and data sources. The data is based on public sources and information bias exists. For example, larger companies are subject to more transparency requirements than smaller companies. In addition, the possibility exists that relevant information for the Sub-fund's investments are not publicly available. Some, but not necessarily all, limitations in performing sustainability and ESG analysis are as follows: • The availability of data, particularly for emerging companies and markets. The consistency and / or comparability of data as not all companies publish the same indicators. • The quality of data and the lack of universal standards related to third party verification, if any. • The use of external providers can introduce bias resulting from the providers' proprietary methodologies. The Investment Manager will evaluate the data quality and availability and monitor alternative sources for any missing data,

Before making any investment decision, please consider all the objectives, characteristics, binding elements of the selection process and methodological limits contained in the Prospectus, the SFDR Pre-contractual Annex, as well as the Summary of the website Product disclosure available at this [link](#).
